

TECHNICAL PROPERTIES

| TYPE | ALUAFS.45 UL |
|-----------------------------|---|
| Fire Resistance | Difficult to ignite |
| Construction | 2 ply aluminium 1 ply polyester |
| Nominal Thickness | 45 micron |
| Available Diameters | Ø 2" – Ø 10" |
| Temperature Range | 0 °F / +265 °F |
| Air Velocity | 5910 FPM (max) |
| Operating Pressure | 12 in. W.C. Maximum rated positive pressure 0.6 in. W.C. Maximum rated negative pressure |
| Flame Spread Index (FSI) | Less than 25 |
| Smoke Developed Index (SDI) | Less than 50 |
| Standard Length | Customized |
| Packing | Single cardboard box |
